Sub: Colleges - Government Colleges - Acceptance of Gift of Library books of the United States - Information Service.

...

The Principal, Government Arts College, Srikakulam has requested permission to accept a gift of 100 pocket book volumes (list enclosed) offered by the United States Information Service. Subsequently the Principals of the Government Training College, Rajahmundry, and Government College for women, Guntur have also sought permission for occupying a set of 100 pocket book-volumes presented by the United States Information Service. Presumably these two colleges also have received the same set of books. The Principals have been however asked to furnish lists of the books received by them. The set of the books (list enclosed) offered to the Government Arts College, Srikakulam is a useful additions to the College Library. In the circumstances I request that Government may accord permission for the acceptance of the gift of books by the Principal, Government Arts College, Srikakulam. Incidently I request the grant of general permission to accept the gift of identical set of books whenever offered by the United States Information service to any other Government College in the Department.
